Professional Summary

40+ years' experience in a variety of industries including non-profit, retail, and insurance have taught me to excel at managing transitions, quickly identify critical initiatives, collaborate, and develop clear metric-based plans for achieving goals.

I am an executive and community leader with a demonstrated track record of building strong, high performing individuals and teams. I am the Founder of LOSS Community Services. LOSS is a non-profit organization that exists to be an instillation of hope to people impacted by a suicide loss. During my tenure as the Executive Director over 5,000 loss survivors received support.

In my corporate experience, I have delivered record-breaking sales, ebitda, and customer file growth at both Cheryl's Cookies and Victoria's Secret.

One consistent thread of passion throughout each of my leadership roles is supporting and developing people and teams. My passion is coaching, building, and equipping others to thrive.
